

Program March 31, 2011.

| | |
|---------------|--|
| 9:30 – 10:00 | Welcome |
| 10:00 – 10:15 | Tony Jackson manager ECG-MAS AkzoNobel Opening |
| 10:15 – 10:45 | Jindra Purmová AkzoNobel ECG-MAS AkzoNobel Characterization of the mixtures of polysaccharide ethers and acrylic polymers. |
| 10:45 – 11:15 | Francisco Vilaplana Domingo University of Amsterdam Macromolecular size distributions for branched polysaccharides. |
| 11:15 – 11:30 | Coffee & Tea |
| 11:30 – 12:15 | Nico van Beelen AkzoNobel Automotive & Aerospace Coatings ¹ H-DOSY-NMR for the determination of the polymer mass distribution; final results. |
| 12:15 – 12:45 | Christian Denisse Wyatt Hollow Fiber Flow-FFF |
| 12:45 – 13:45 | Lunch |
| 13:45 – 14:45 | LAB tour ECG-MAS AkzoNobel |
| 14:45 – 15:15 | Elena Uliyanchenko University of Amsterdam Fast and efficient size-based separations of polymers using ultra-high-pressure liquid chromatography. |
| 15:15 – 15:45 | Xianwen Lou Technical University of Eindhoven Superheated chloroform as the mobile phase for SEC. |
| 15:45 – 16:15 | Myriam Linke Dow Benelux BV Polymer Characterization and Problem Solving Using MALDI-ToF/MS |
| | Farewell |

Akzo Nobel Polymer Chemicals B.V.
Zutphenseweg 10
7418 AJ Deventer
Tel. 0570 67 92 22
